The Chief Executive,
New Zealand Post,
Private Bag 3990,
WELLINGTON.

10th August 2011

Dear Sir,

Post Office Boxes Normandale

It has come to our attention, via a small and largely missable notice on the upper edge of the post box on the corner of Normandale and Pekanga Roads that the service to this box is to cease and customers are directed to a box at 52 Normandale Road.

There is no box at 52 Normandale Road and no such residential address exists. We assume that your officers must mean the box at 152 Normandale Road which serves only the upper part of Normandale Road.

The Association would prefer both boxes to remain in service. However, if one is to be removed, it is our view that the box on the corner of Normandale and Pekanga Roads should remain, as most of the suburb has access to this box, including those who reside in upper Normandale Road. If it is the intention of NZ Post to relocate one box to the bus stop where approximately 52 Normandale Road would be, then this also would be accessible by most of Normandale.

We are further concerned that the removal of the box at the corner of Normandale and Pekanga Roads is a precursor to removing post box services to the suburb entirely.

Yours faithfully,

P. Matcham

President

Normandale Residents Assn
