Bird of the Month

Under the 'Nationally vulnerable' conservation status is the Stitchbird, also known as the hihi. Restricted to Great Barrier Island and a few protected sites, male hihi are recognisable by their yellow neck and shoulder bands, as well as their black heads with white ear tufts.

Pekanga Rd Playground Update

Work on refurbishment of the Pekanga Road childrens playground has progressed significantly, with the old play equipment removed and new equipment installed. New suitable ground cover has also been laid down. New perimeter fencing will be installed to prevent children darting onto the road. Large trees and vegetation previously adjoining the play area has also been cut back, increasing the usable area and providing more natural sunlight.

Got some thoughts on the new playground? Email us at ntimes@hotmail.com.

OUT & ABOUT IN THE DARK
